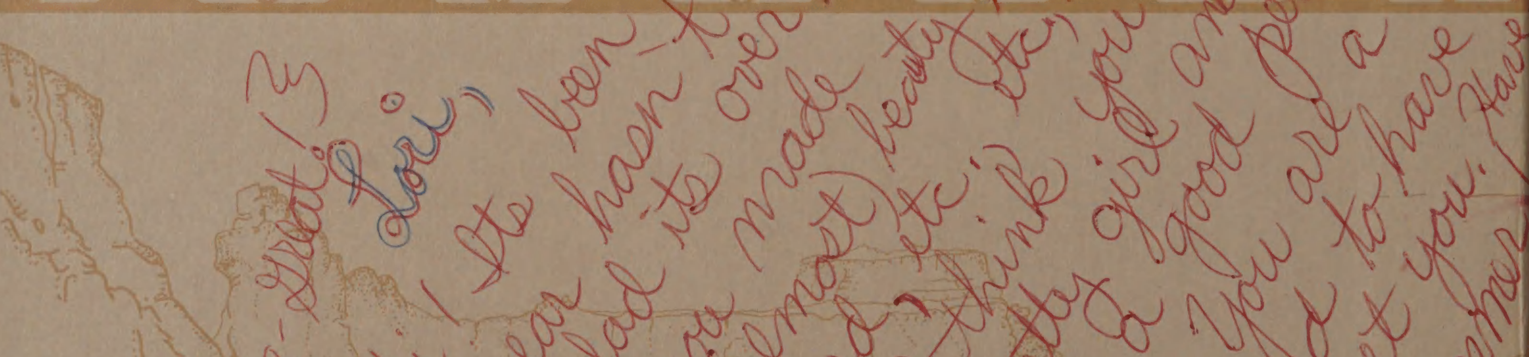
Lori,
Hi! you
have been a
good friend this
year & I appreciate
it alot! Good luck in
everything you do, especially
with majorette! Be good this
summer & keep in touch!
Love ya,
Lisa

Lori,
To a very sweet and
beautiful person. It was
fun having you in Band
and French this year. Good
luck in the future. Love ya,
Cynthia H.
P.S. Stay nice.

Lori,
You're a really
sweet person with
a great personality.
Congradulations on
being runner-up in the
beauty contest. Stay
sweet.
Love,
Donna P.



Sr. '78 - Great!

Lori,
Hi! Its been
a fun year hasn't it,
but I'm glad its over +
I'm glad you made
majorette, (almost) beauty,
french award, etc.; etc., etc.
(ha-ha) I think you are
a very pretty girl and
you have a good person-
ality too! You are a
good friend to have & I'll
never forget you. Have
a good summer!
Love ya,
Cindy C.

Lori,

It's really been a great year hasn't it. It's even better to know that I have a friend like you! Keep your good looks and that great (all the time) personality and you'll go far in life. Good luck in the future and let God always lead your life. Let's always be good friends.

Love,
Steve S.

Lori,

It has really been a y hasn't it? You are one the prettiest and nicest girls in the entire school. Always stay like you are. I hope you have fun and you enjoy your school years. But always remember the class of 76 was the best.

Lori,

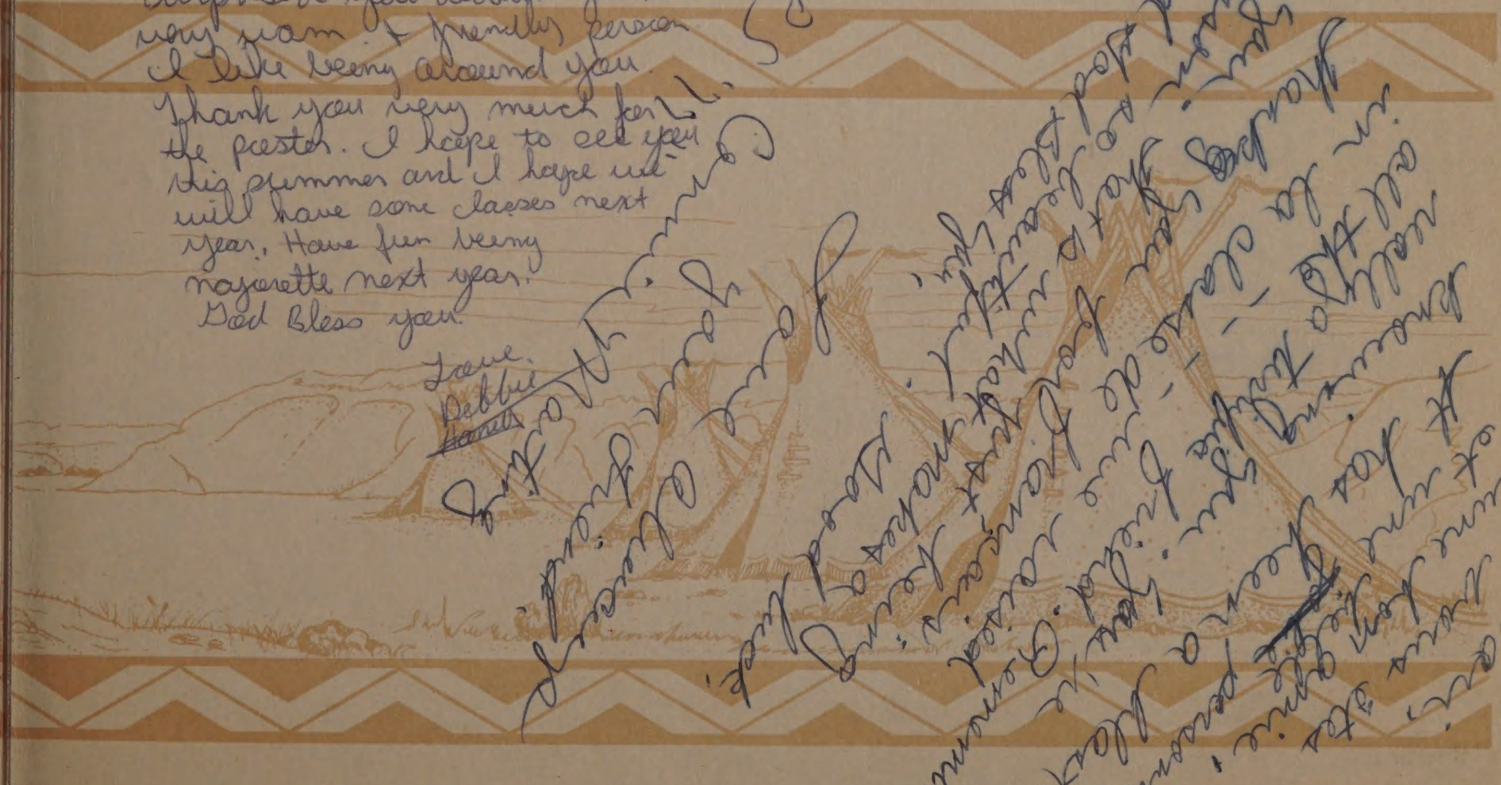
Miss Baton. Be sure and not hit yourself in the head with that funny looking stick. OK?

Tim D. 5r5.76

Lori,

I'm so glad we started talking, but its just to bad it's at the end of of the year. I'm very happy you got the French Award, you must be very proud of it. I know I would be. And also I though your picture was very beautiful. You should have won. I'm surprised you didn't. Your a very warm & friendly person I like being around you. Thank you very much for the poster. I hope to see you this summer and I hope we will have some classes next year. Have fun being majorette next year. God Bless you.

Love,
Debbie
~~Daniels~~



Lori,

Vous êtes une bonne amie, et une ~~jolie~~ personne. It has been a blast knowing you. You're really a terrific friend. Remember all the times we raised in la classe de français; Thanks you for just being you. That's what makes a person so beautiful. Good luck. And God bless you.

Love you always, your friend,

Hi, whats new, well I messed up your annual really good, but you don't want people to think things do you. Well this year has really gone by fast, I just can't believe this year is going to be over and we're going to be juniors wow, we're really getting old. I'm glad I got you, Georgia, Claire and Cheryl for friends, y'all have made this year so fun, and neato, and I hope that you will always be my friend. I thought that since I didn't get majorette this year that I would have a rotten year, but I didn't, I had a really great year and maybe next year I'll be in the same line with you, probaly not, but maybe Denise or someone will break their leg, (NO thats mean I'll just try my best and if I don't make it I'll try again next year) Well I've taken up enough room already and said nothing, thank you for being so nice and sweet, always stay the same, because your ~~good~~ just great like you are. Administrators have a unique responsibility in that no school can accomplish more than the expectations and hopes of her leaders. Ours is a school of which we all are proud. We have accomplished many good things in the last few years, and we believe that much of this is due to the efforts and leadership of one man. He is a man who does his duty as he sees it. He handles his responsibilities with capability and joy. He strives to be fair and just, to know each of us, and to care for each of us. He encourages us to support each other, to love one another, and to accept each other for what we are. Through his efforts to improve our school and our spirit, he has earned lasting love and respect from both the student body and faculty. It is with honor and pride that we dedicate the 1976 Chief to our principal, MR. HAROLD B. DORSEY.

The noblest spirit is like a fire . . . One small spark can set the world aflame!

"Sometimes it is the small things that impress us most. Sunlight glinting through the trees, tender buds of a young plant, or a sunset so perfect you wish it would never end. There are things here that we will remember long after we have left - a favorite place or the memory of a friendly face. Nothing is common or plain if you open your eyes and notice." - J. Rattan

We look back as much as we look forward . . .

Time is a continuous memory which haunts us forever. Like photographs, we flash upon our memories - A scene here, a good time there. There were people and places and fun times. Remember? The sights and sounds of 1976 will soon be silent, but our cherished memories of spirit and loyalty will never die.

Waxahachie is our home . . .

The Indian is a fitting symbol for Waxahachie. Before the North American continent was explored, the great Caddo nation of Indians roamed our Great Southwest. One of the tribes was labeled Tejas from which the name Texas is derived. It was the Tejas tribe which claimed this land as their home. These Indians, legend would have it, named the creek along which our ancestors settled Waxahachie, meaning ''buffalo'' or ''cow'' creek.

Waxahachie's founders were Major E. W. and Nancy Rogers. They built their first log cabin in 1847 on the site now occupied by the Rogers Hotel building. They donated the sixty-two acres that was to become the town of Waxahachie in 1851. At this time in 1851, there were scarcely 100 people in all of Ellis County.

THE WAXAHACHIE ARGUS, Waxahachie's first newspaper, was established in 1867. In 1868, Waxahachie's first bank was founded. Waxahachie gained its first commercial advantage in 1875. The railroad came to Waxahachie! In 1879, Waxahachie got its first telegraph line. Churches were organized, an Opera House was opened, and a literary society was formed. It was not until 1916 that Waxahachie obtained its first hospital. A pressure cooker served as an instrument sterilizer. Wood stoves heated patients' rooms. Through the years Waxahachie has fought many problems, but has taken steps to cope with its own and to build soundly for the future.

We are proud of our local heritage, and it is with great pride that we salute our bicentennial town and our home - Waxahachie, Texas.

(1) The Dunlap home (present home of the Max Simpsons) is one of the truly unique homes in our city. (2) Sims Public Library was formally opened on April 26, 1905. (3) The Hawkins home (present home of the Jimmy Cowards) is one of several built by the Hawkins family. (4) Our M.K.&T. Depot was built in 1887. (5) Mark, Kim, and Sam examine the American, Texas, and bicentennial flags. (6) Completed in 1895, the Ellis County Court House's hand-carved columns contain a woman's face, said to be the sweetheart of the man who did the carving. The carving was done on the spot. (7) Waxahachie's eight-sided auditorium was built in 1903. Ours is the only original chautauqua still in use in the U.S. It is one of several Waxahachie buildings listed in the National Register of Historic Places. (8) This statue on the square is dedicated to the soldiers of Ellis County who fought in the Civil War.

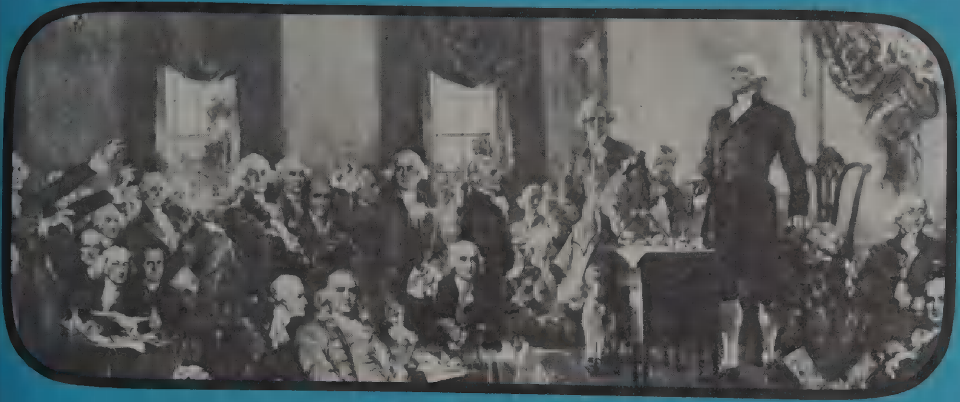
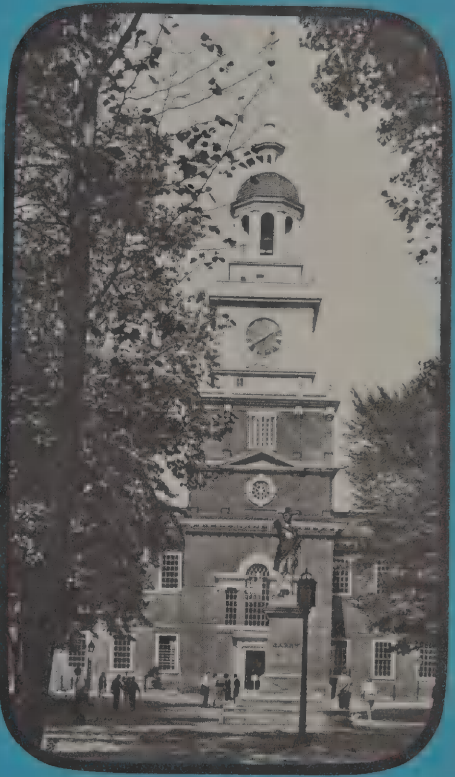
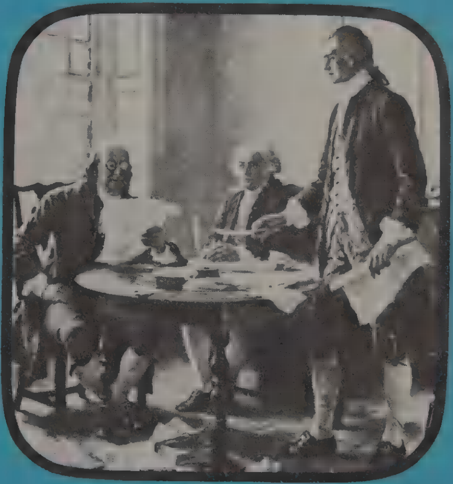
"Happy Birthday, America . . . You've Come a Long Way"

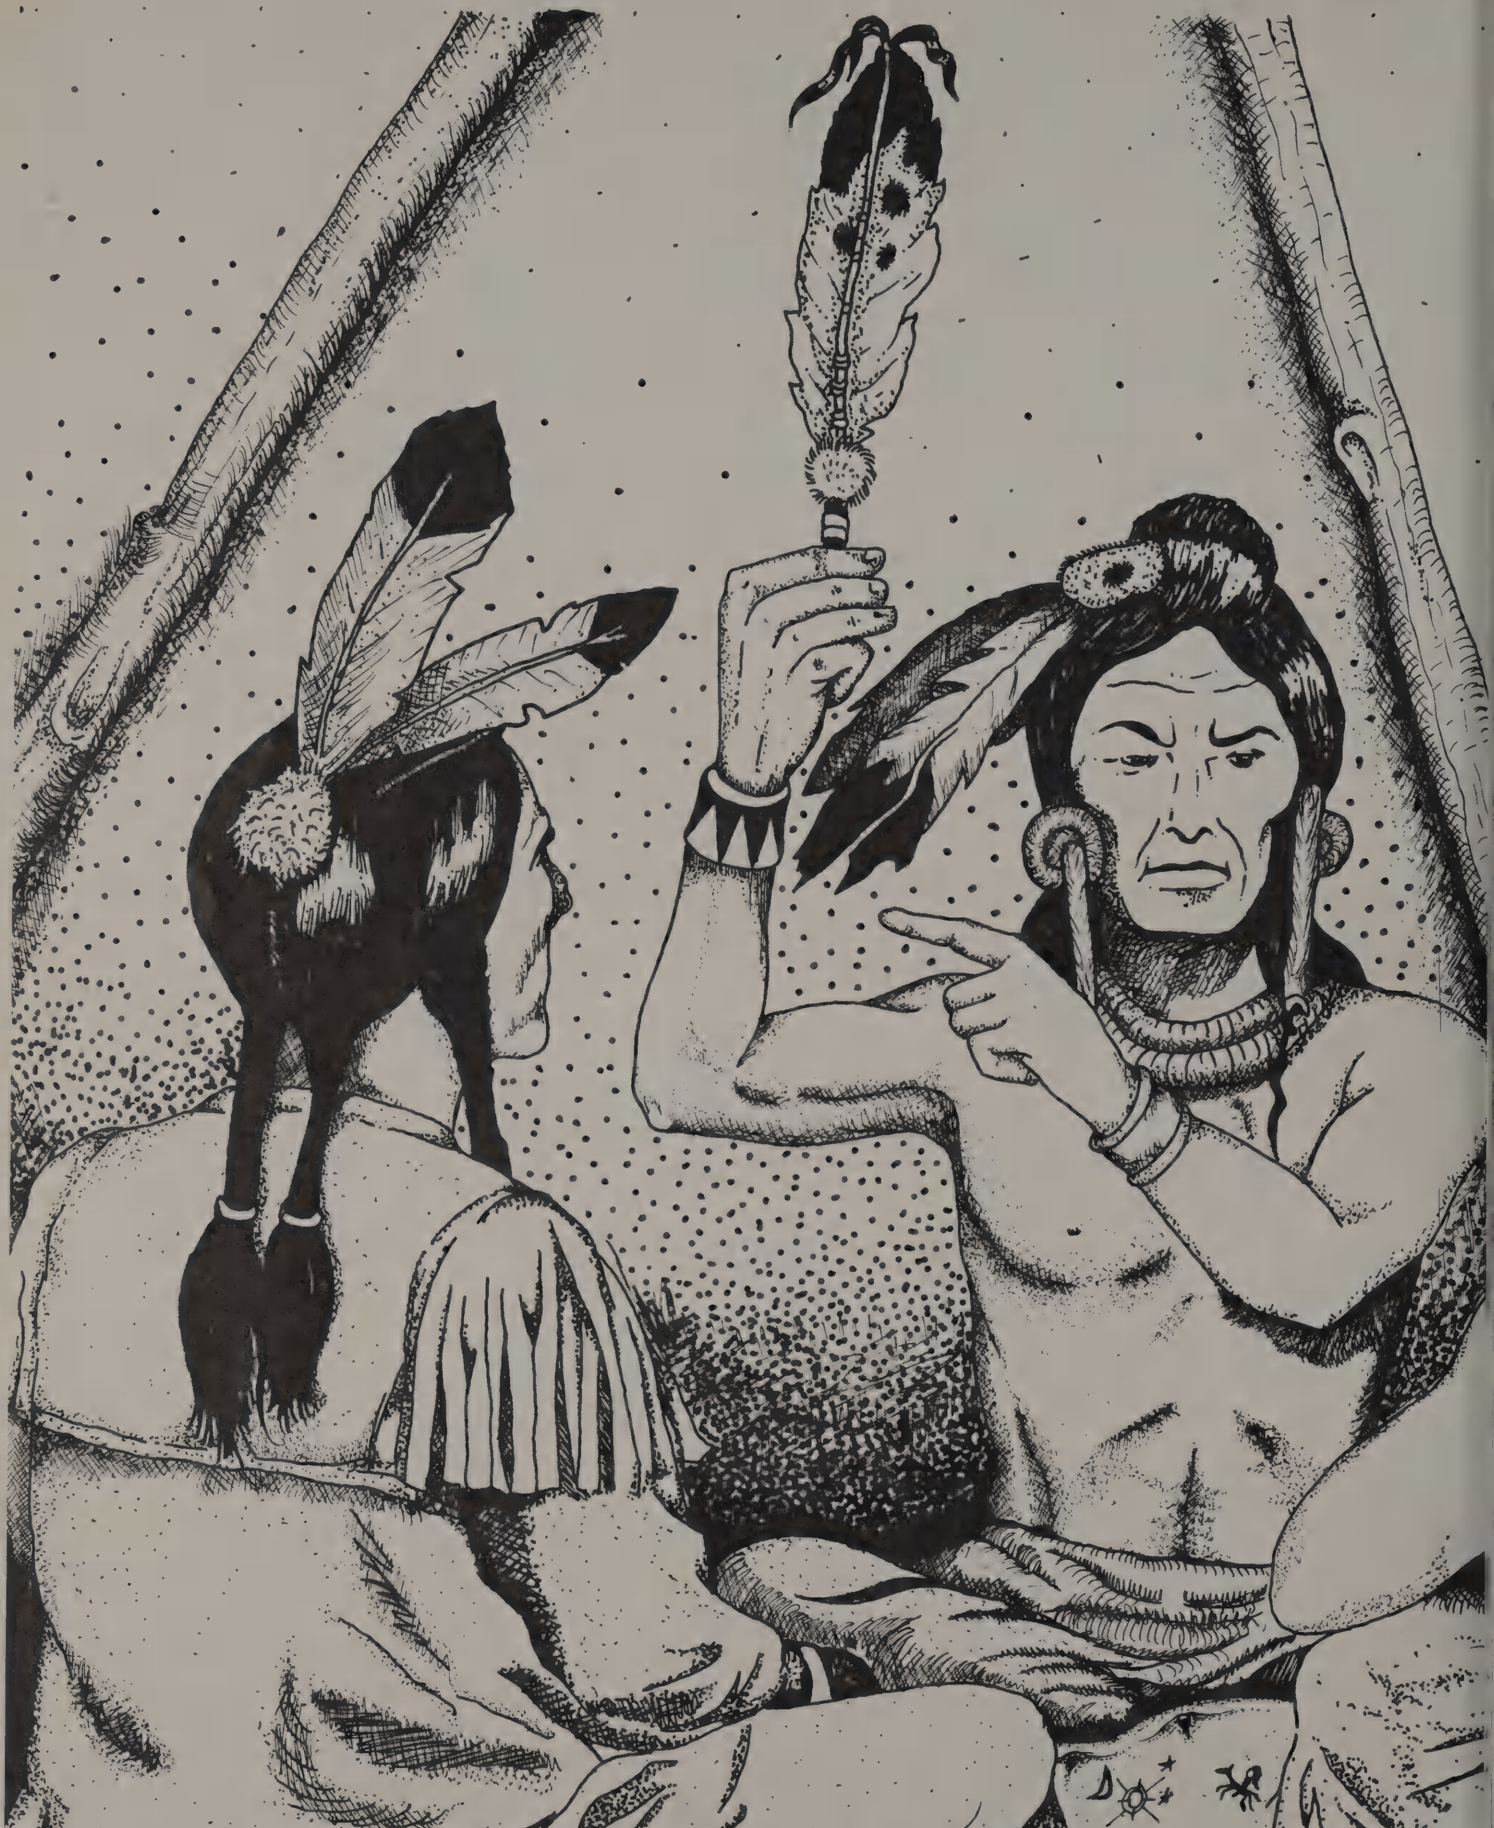
"Sometimes, you've fallen on your face struggling for that American dream, your Utopian expectations — but you keep getting up. You're aware of your continual, internal problems — but compared with any other country, you're still the fairest, richest, and freest land of all."

It is with pride that Waxahachie High School salutes the Great Spirit of America!









Council

Indian tribes were governed by a Council which met in a large Council lodge, a tepee many times larger than a private one. It was the task of the Council to make plans for the tribe, to receive delegations from other tribes, and to interpret the dreams of the young. These tasks of the Council are exemplified in the administration and faculty of our high school.

You Know You're a Teacher When . . .

"You are able to help a student attain his potential in areas of study."

"You get excited about a student's idea and realize the best part of it is the idea came from an interested student, not a teacher. Initiative, interest, and creative thinking on the part of a student gives me a real sense of truly teaching, rather than a manager of students."

"An ex-student comes back from college, the service, or a job and says 'I surely appreciate what you taught me in High School'."

"When I can see students learning."

"The majority of your students strive very hard to learn the subject matter you are teaching and succeed because you are an understanding and efficient teacher."

"You can see on a student's face that he has at last understood what you have been explaining."

"You've had your first parent conference."

"You see a former student following an example you set."

"A student gets turned on to looking for more information."

"A student finally grasps a concept you've been teaching for days."

"A student asks you for further information."

"You start being concerned about students learning and not the amount of material you are covering."

What's the Best Advice You've Ever Had?

"Don't teach school unless you feel you must and love to work with kids."

"To keep cool no matter what happens. To just be myself."

"You can't seem right to any, unless you seem wrong to many."

"The mediocre teacher tells. The good teacher explains. The superior teacher demonstrates. The great teacher inspires."

"Always be honest and fair."

"To know myself through sincere examination of life. Life unexamined is not worth living."

"Forget most of what you learned about teaching when you were in college. It's useless!"

"Anything worth having in life is not easily gained, but requires hard work."

"Take people as they are."

"To go back to school and get a teacher's certificate."

"Live life one day at a time, living each day to its fullest potential."

"Love thy neighbor as thyself . . ."

"Do the very best job you can in every endeavor you undertake."

"In order to teach you must teach the individual."

What Has Teaching Taught You?

"To expect the unexpected."

"That I know so little."

"Teaching is by no means an easy job, but one of the most rewarding occupations a person can have."

"That there is good in each student."

"That loving ideals and living by them is all there is that is good and worthwhile in life."

"I have been made to understand the enormous responsibility of parents to instill the right attitude toward learning in their children."

"Teaching has taught me tolerance, love of people, how to be one's self, how to make decisions, how to see both sides of a particular problem, and that teaching is truly a dedicated profession."

"To be tolerant of people's mistakes."

"That you learn more as a teacher than as a student."

"It has often made me question the WHY behind what I teach and caused me to open myself to changing, new ideas. Too often I think we all tend to rely on what we were taught as being automatically the thing we need to pass on to others. When my students give good reasons for change, I listen."

"To take 1 day at a time, to not expect change overnight, and to keep my "cool" in a crisis."

"That you never stop learning."

Make Any Statement You Wish About Teaching, Teachers, or Students . . .

"A teacher to me is a very special type of person that is concerned more for the students' well-fare than for his own. He is dedicated to his profession and is concerned if he is not getting his material across. If a person is not concerned about these things, then he or she should not take on the role of a teacher."

"In counseling, the best results often come not from giving advice, but from learning to be a good listener."

"The most common complaint I hear from students is that they feel their class or work is dull; although the instructor can set the stage for an exciting educational experience, there must be a desire from the students for such success to be achieved."

"Teaching is a lot more fun than cleaning house. I love it! (Most of the time.)"

"Teaching is a very draining profession. Sometimes (quite often I might add) you feel as if you can't go on. You wonder what it would be like to have an office job where you can leave the problems until you return the next day. However, since you are continually replenished with the strength to go on you know this is your destiny and Someone is taking care of you."

"Teachers are guardians of our moral and intellectual heritage - What a charge to keep!"

"Teaching pupils is the most rewarding occupation."

"I'm grateful for the opportunity of working with students because it keeps me 'young' and 'on my toes' in my thinking and actions."

"Teachers - Students - You can't be one without being the other."

"Education is a companion which no misfortune can decrease, no crime destroy, no enemy alienate, no despotism enslave; at home, a friend, abroad an introduction, in solitude a solace, in society an ornament. Lori,

I can't belive this is the last annual of yours I'll sign. I know we'll always stay in touch because after all I'm the "Mother Eagle". All the After School Parties will go down in history. Keep up the good work twirling and if you come to Baylor I'll try to show you around. Write me or something, I'll miss all my baby eaglets!

Love,
Ann C.

"You can't control the length of your life, but you can control its width and depth. You can't control the contour of your face, but you can control its expression. You can't control the weather, but you can control the atmosphere of your mind. Why worry about things you can't control when you can keep yourself busy controlling the things that depend on you?"

Lori,

your a sweet and beautiful girl and I really enjoyed having you in French despite the certain class problem (mrs mitchel) NO, I'm just kidding. I've really enjoyed being friends with you and I hope we can be even closer next year. Hope we can have French II together next year, if I make it!

We really had lots of fun in tennis except for the "unholy" bunch' well next year we'll we'll have lots of fun. Good Luck in the future! See ya this summer.

Love ya!

Senior Honor Students

Eleven seniors with grade averages of 90 or above have been chosen by their teachers as senior honor students. Participation in school activities and in classes is an additional characteristic of each of these students. The annual staff would like to congratulate them for being good students as well as well-rounded people.

Candace Cain enjoys reading, swimming, water skiing, and singing. She plans to major in biology. She feels that she gained many new friends and received a basic education in high school. The accomplishment of which she is proudest is being the editor of the annual.

Jerry Colleps enjoys tennis, walking, and collecting T-shirts. He plans to attend Texas A&M. He regrets "not working as hard as I should have in all classes." During his years at WHS he has learned most to work with all kinds of people.

Richard Covington likes to play the piano and the bassoon. He likes to study math and science, to read, and to collect records. After college at Rice or MIT he plans to go into scientific research. Richard stated, "The thing that I've gotten the most out of during high school was getting to know the people I've been involved with, teachers and students. My biggest disappointment was with myself, when I realize the many opportunities that I've missed.

Darrell Wilson was born January 14, 1958. He stated, "I gained from high school a basic education and a certain feeling of confidence in going out in the world. I have no regrets. I am most proud of the accomplishments of our basketball team." His hobbies are water skiing, guitar, and basketball. He is undecided about college plans.

Lavonda O'Daniel enjoys volleyball, reading and swimming. She plans to attend the Executive Secretary School to become an executive secretary in Dallas or Ft. Worth. Lavonda said, "I have learned that you must be prepared to listen, study, and learn for the rest of your life. She is most proud of being a member of NHS. She said, "I worked for this from the time I entered high school until the moment I received the honor. Lavonda is also proud of the WHS volleyball team.

Gill Southard is "most proud of our baseball coach and baseball program." He plans to attend Texas A&M, at which he plans to be a test pilot in the United States Air Force. His hobbies include flying, hunting, and fishing.

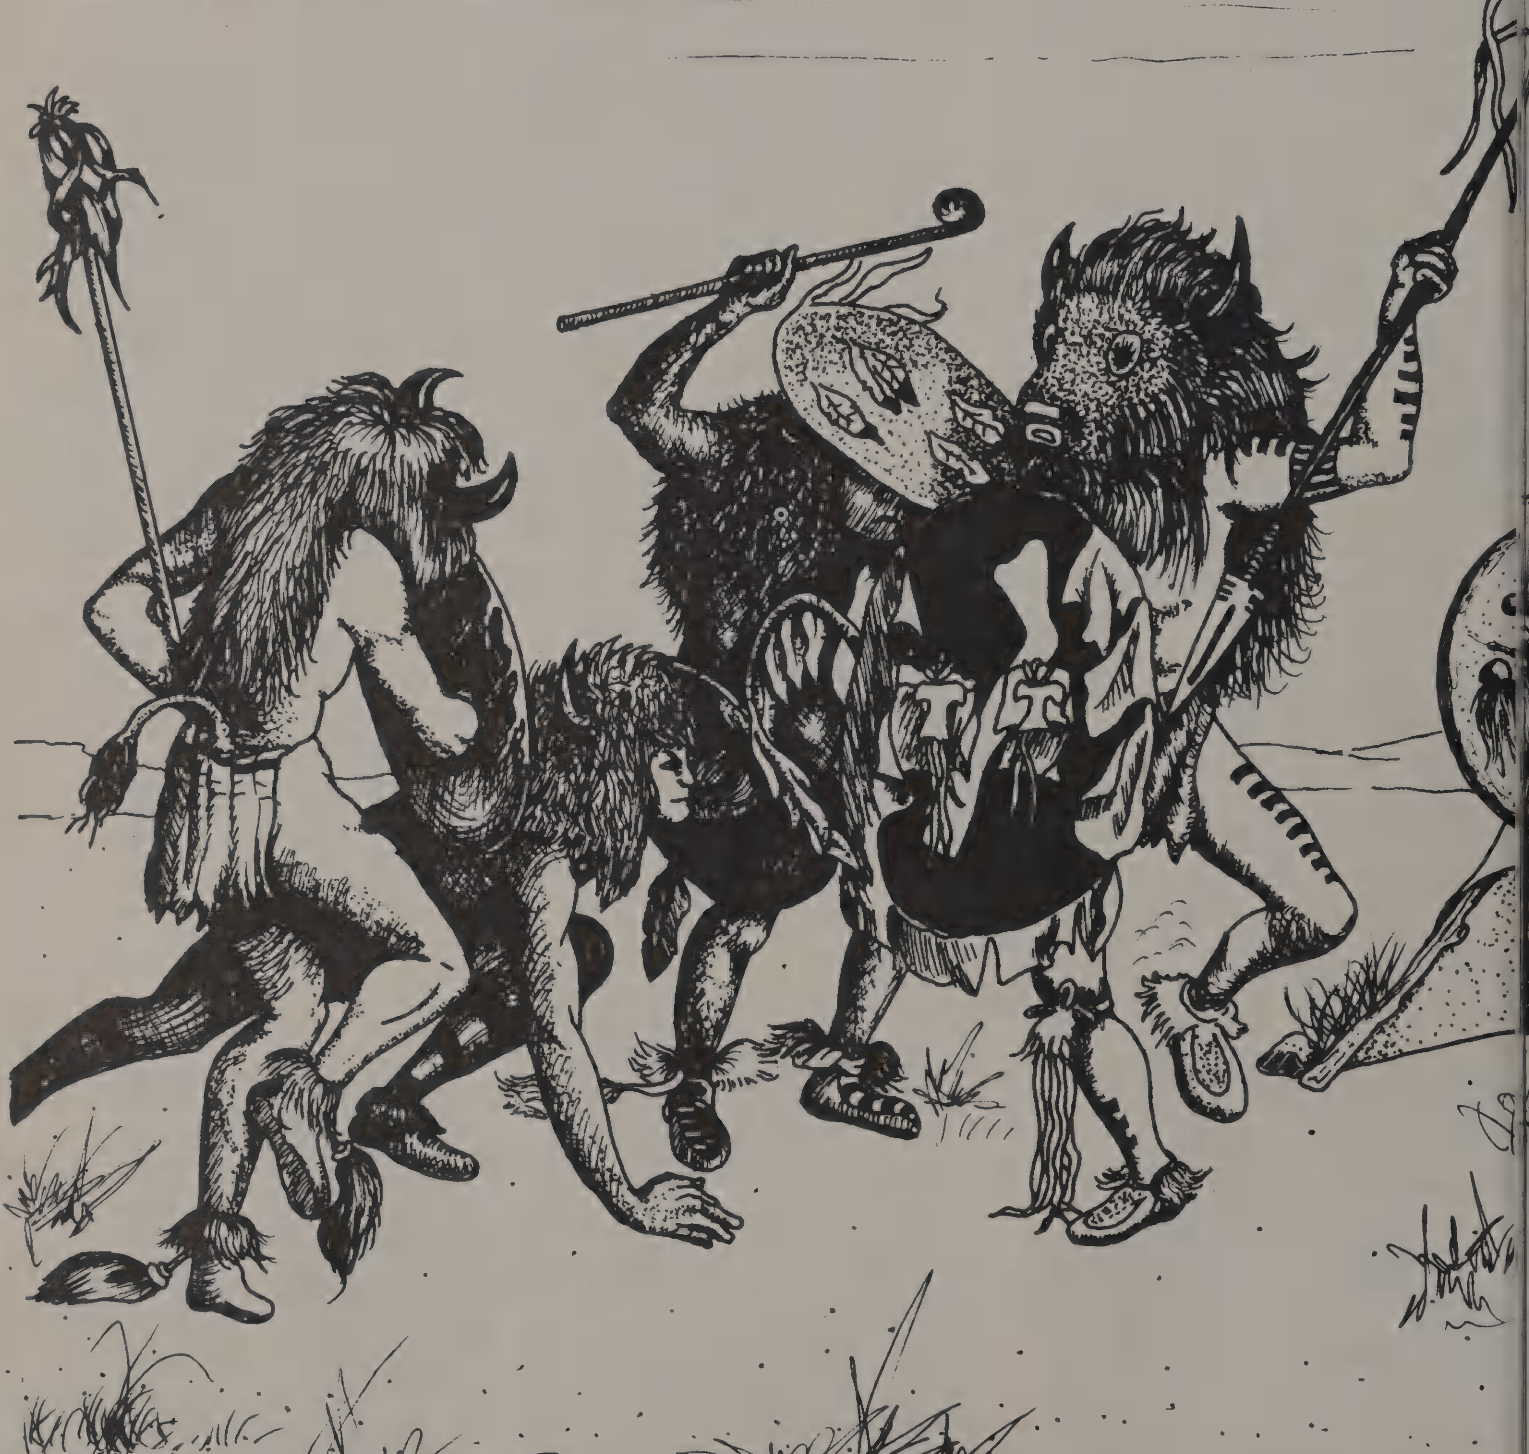
Larry Bradshaw says that he enjoyed some of the best times of his life in WHS. He plans to go to Navarro Junior College where he plans to study sociology and drafting. His hobbies include hunting, fishing, ceramics, and woodwork. The accomplishment of which he is proudest is being a member of N.H.S.

Liz Campbell plans to attend Texas A&M. After college she plans to go into teaching elementary school. She enjoys reading, horseback riding, and swimming. Liz was proudest of being a part of the volleyball team. Her biggest regret is "leaving friends at school."

Kim Foster was born July 13, 1958. Her hobbies include swimming and reading. She is undecided about her college choice or plans after college. Kim was proudest of being a member of N.H.S.

Virginia Fuentes enjoys horseback riding, swimming, and playing volleyball. Her college choice is Lady of Our Lake. Virginia said, "I've learned that even through the ups and downs, education is one of the most important factors in life. I've learned how to handle my fears and to be me. She is most proud of being in N.H.S. and receiving the W. C. Tenery Award for the outstanding junior in 1975.

Belinda Sue Locke is proudest of being a member of the Cherokee Charmers and being chosen Miss Cherokee Charmer of 1975. She plans to attend Texas A&M, where she plans to go into some kind of Medical Field. She enjoys reading, sewing, and being with friends. She stated that she gained a good education and learned to be with other people during her years at WHS.



Organizations

Happiness is possible only when one is busy. The body must toil, the mind must be occupied, and the heart must be satisfied. Those who do good as opportunity offers are sowing seed all the time, and they need not doubt the harvest.

It takes many things to be a charmer - talent, determination, hard work, the ability to learn fast, flexibility - and it helps to have calm, steady nerves. These girls devote many hours of time in preparation, but when they step onto the field, all of us know they are the best drill team anywhere. They are exciting to watch, and they are equally as spirited in their support of all phases of W.H.S.

Go! Fight! Win!

Spirit needs a place to start, and this year's cheerleaders certainly provided that place. Their work began long before the school year opened, and has continued as they have led us in supporting our teams throughout this school year. We are appreciative for the many hours of hard work and devotion these enthusiastic leaders have given.

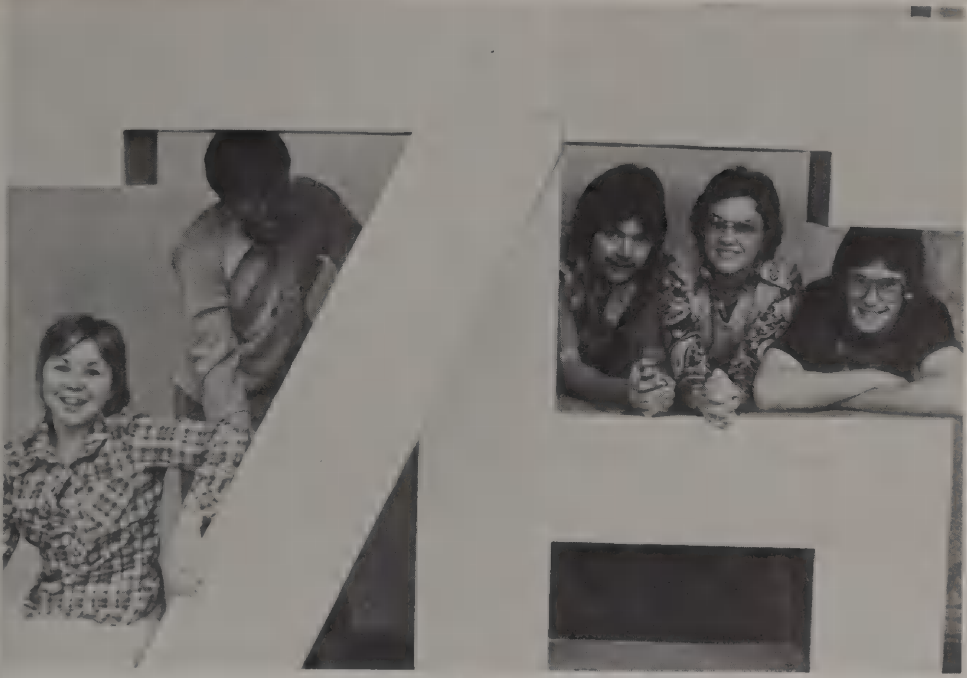
Student Council Promotes School Activities



The Student Council is composed of students in grades 9-12. The officers are elected by the student body, and each class elects its representatives to the Council. This year this group sponsored the homecoming parade and school dances. They also gave the invocation at the home football games. They attended the Area III Student Council Convention in Ft. Worth to receive and exchange ideas with students from other schools.

Junior Historians

The WHS Chapter of the Junior Historians was founded in 1972 for all students interested in the history of Texas and Waxahachie. Their activities include having guest speakers, visiting various houses in Waxahachie, and working on different projects. As their convention project for this year, the club prepared an index of the Shiloh Cemetery in Ovilla.

The Key Club has a very active club on campus this year. They raised over two hundred dollars for the National Systic Fibrosis fund by sponsoring a public tennis tournament and other projects. Their sweetheart, Julie Cockerham, received a dozen red roses as the entire club serenaded her with "Let Me Call You Sweetheart." The Key Club is sponsored by Kiwanis International.

Phi Kappa

Founded in 1975 under the impetus of Miss Cleta Jones, Mrs. Pat Sawyer, and Dr. Ron Hastings, the philosophy club provides an outlet for students to discuss intellectual and/or controversial subjects which are not practical for the regular classroom. After only two meetings the club has a steering committee which plans for meetings twice a month. Topics are usually student inspired and presented to the committee. No dues are required and meeting sites vary, though usually off campus.

The clubs official name is Phi Kappa, Greek letters abbreviating "philosophy club."

ESSA Committee

Student ESSA Committee is composed of 12 students - 4 blacks, 4 whites, and 4 Mexican Americans. This committee was formed to act as an official representative of the make-up of WHS's student body. This committee serves as a means of letting the administrators know the problems and the attitude of the student body toward these problems. It serves as an agent in offering suggestions or remedies to ease such problems. The committee could be called the ear and voice of the general student body.

Secretary - Virginia Fuentes,
President - Andy Cantu.

Annual Staff

Producing a yearbook requires an unbelievable amount of time, talent, and dedication. These 12 students were chosen from ninety applicants. For the first time in the history of W.H.S. a class period was designated for annual use.

Frustration is common when one picture will not fit into its place and so a whole section must be redrawn. Tact is necessary when disagreements arise over the setting for a picture or the page on which it is to go. When someone simply will NOT hold still for one more picture, patience is difficult to find. When the annual finally arrives at W.H.S. in its final form, pride is the only word to describe the feelings of the annual staff, plus the eagerness to begin work on the next year's book.

A trip to Taylor Publishing is an annual event.

Sports

Competition was a vital part of the life of the Indians. They enjoyed many games of sport, one of the most popular being lacrosse (pictured in the drawing) which is still played by some of our youth today.

At WHS competitive sports is a very important part of our school life. Almost all of our students participate in sports either as a participant in one or more of the many sports we play, or as a fan and spectator. These sports enliven school life, and help give unity to the student body.

The Key Word — Spirit!

Even though the season's record shows 4 wins and 6 losses, our football team provided Waxahachie High School with many exciting moments during the 1975 season. The state champs - Ennis Lions - lucked out and beat us by 1 point. Remember Halloween night when even OUR fans thought Lancaster had beaten us, and we came back in the last few seconds to win? Who knows what might have happened if those 3 games we lost by 1 point had been reversed?

Our team was enthusiastic, and they inspired all of us to join in their enthusiasm. The team, the school organizations, as well as the entire student body, joined together to create the best spirit Waxahachie has seen in a long time. It was fun to be a part of Indian Football, 1975.

Lewis Williams adds to the Indian effort in defeating Waco-Connally.

The Indians fought hard and played well against Ennis. Victory would have been so sweet, but when the clock ran out we were a heartbreaking one point short.

Indian Basketball Team Wins 2nd in State!!!

The 1975-76 basketball season started on a fantastically enthusiastic note. All of Waxahachie had a dream of ending the season in Austin, and somehow all of us really believed it would happen. The regular season went by quickly, much as everyone expected, with the Indians compiling a remarkable 25-6 record. We were undefeated in district competition, thereby capturing the zone championship. We met Waco Moore in Corsicana for the district championship and won by the unbelievable score of 87-39. It was never to be that easy again. On the following Tuesday night, the Indians met the Daingerfield Lions in Greenville and defeated them by a score of 57-56. On Friday night the game was had anticipated for months became a reality as the Indians faced the South Grand Prairie Warriors at Loos Fieldhouse in Dallas for the Regional Championship. SGP had been ranked top in the state all season, and getting past them was no small task. With only a few seconds left on the clock, the Indians took the lead and pandemonium broke loose as everyone realized that our WHS Indians were really on their way to Austin! It was a great victory indeed.

On March 5 the Indians along with more than a thousand fans met in Gregory Gym to mark the beginning of our part in the state tournament. It was the 6th time Waxahachie High School had stood on that floor, and it was a fine team of young men who had brought us there. In that first game we met Silsbee, and the Indians came back time and time again to finally defeat this good team in the final seconds of the game. And then it was Saturday afternoon, and the game that all of us knew was in fact what all the others had been played about was drawing near. When the officials opened the doors, thousands of Waxahachie fans began to fill that old gym. It was estimated that of the 7,200 seats available, nearly 4,000 of the seats were filled by Waxahachie people. This within itself was a tribute to the team and coaches - not only for being a championship team, but for being the true champion people that they are. The game with the Odessa Ector Eagles was everything a state championship should be. A more thrilling game has never been played. At the end of the 1st quarter, the score was tied. At the end of the half, the score was tied. At the end of the 3rd quarter, Ector was ahead by six, but the Indians came back fighting. With 1:34 left in the game, Darrell hit a short jumper to tie the score, and seconds later Archie's basket gave the Indians the lead with 1:18 left to play. Ector made a free throw to put the score 75-74 with 36 seconds remaining, but Waxahachie had the ball! "Thirty-two seconds . . . thirty-two seconds to go and the Indians were in control, ahead, and with the ball. A slip on a wet floor, a stolen pass, and the fleeting look onto the golden throne was gone." (Buddy Thompson - THE WAXAHACHIE DAILY LIGHT) Ector made the go-ahead bucket with 15 seconds left, and with 1 second on the clock the Eagles hit two free throws for the final score of 75-78. "As one coach in the crowd noted, 'The Indians didn't lose, they just ran out of time, because that's the type of game it was. Both teams played outstanding basketball'." (Bob Howard - THE WAXAHACHIE DAILY LIGHT) All of WHS and all of Waxahachie is extremely proud of how our Indians and coaches represented, Waxahachie, our district 8AAA, and our Region in Austin. We could not be prouder, even if we had won it all. Our Indians are champions in the truest sense of the world. The WHS cheerleaders expressed the sentiment of us all when they wrote, "WHS basketball team, we love you and thank you for letting us walk behind you on your 'road to glory'."

Girls' Volleyball District Champs — 3 Times in a Row!

Our girls' volleyball team had an outstanding season's record of 20 wins with only 4 losses. They won 1st place in the Malakoff Tournament, won both the zone championship and the district championship, but lost in the state quarter-finals in a close, hard-fought game.

The B-Team also had an outstanding season of 16 wins and 3 losses. They won 3rd place in the Richardson Tournament in which Vanessa Wofford made All-Tournament Team.

Waxahachie High School is very proud of these girls and Coach McColl. They have represented WHS in an excellent fashion, and we congratulate each of them.

In Appreciation

You have helped us to become closer to one another, to understand others, and to make this yearbook a success. You have not told us what to do, but instead have given us your guidance and assistance. You have worked many hours to help us make this annual one of which we hope each student in Waxahachie High School can be proud. It is with sincere appreciation and secrecy - that we devote this page to you, our sponsor, Mrs. Ruth Ballard.

Laure,
Je suis heureuse que vous êtes dans la classe de français. Vous êtes une excellente élève en français. Il est amusant d'avoir une élève qui veut apprendre tout. Un jour, je suis sûr que vous serez heureuse que vous avez appris tous les regles, même ceux qui sont plus difficiles que les autres. Si vous pensez que vous étudierez le français à l'université et peut-être deviendrez un professeur de français quand vous finissez, ces regles vous aideraient. J'espère que vous aimerez toujours le français, comme je l'aime. C'est vraiment une belle langue. J'espère que vous aurez beaucoup de chance en français et dans tous vos classes. — Madame Mitchell

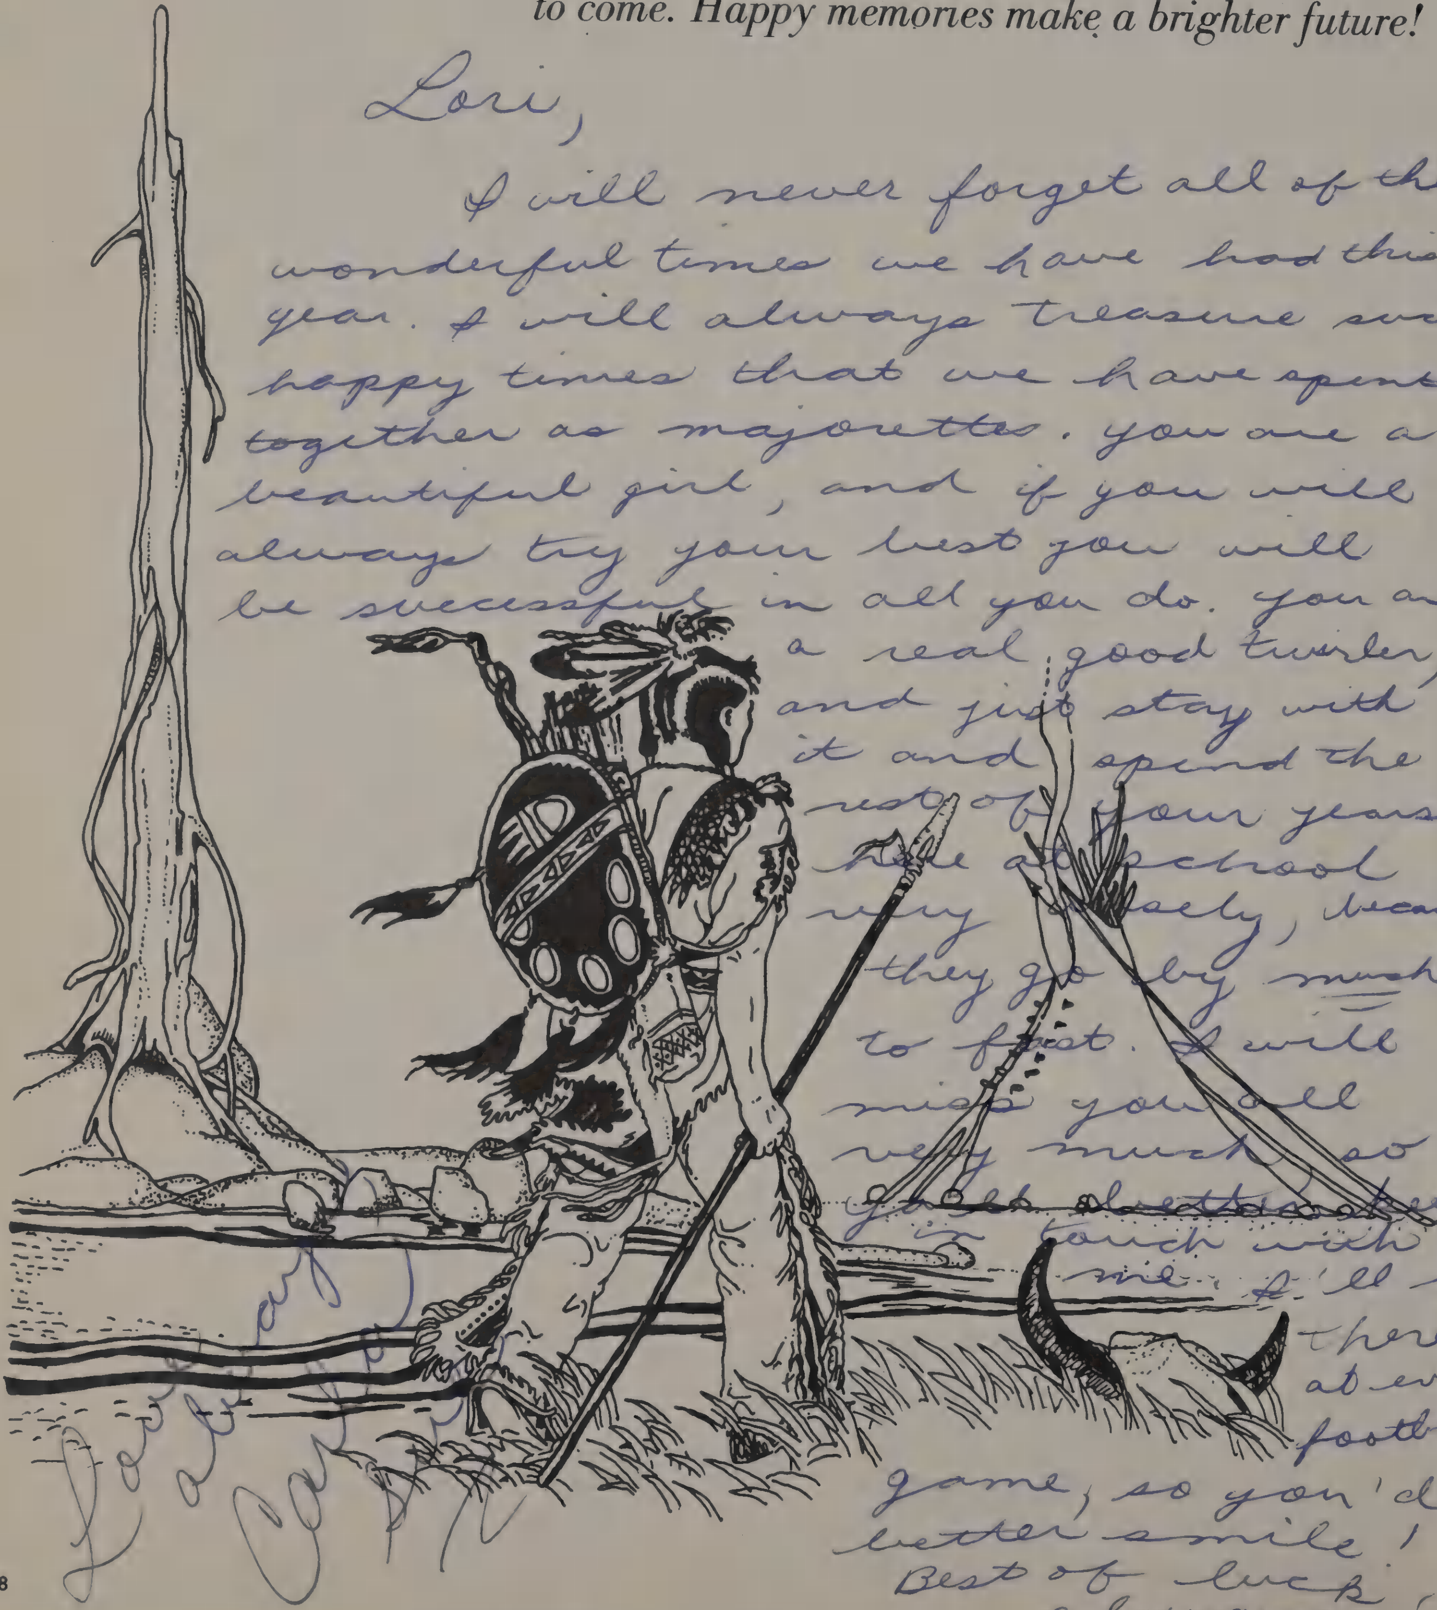
As the 1975-76 school year draws to a close, we trust that this book will make it possible for you to relive "The Great Spirit of '76" and its memories for years to come. Happy memories make a brighter future!



Lori,

I will never forget all of the wonderful times we have had this year. I will always treasure such happy times that we have spent together as majorettes. you are a beautiful girl, and if you will always try your best you will be successful in all you do. you are a real good twirler, and just stay with it and spend the rest of your years here at school very wisely, because they go by much to fast. I will miss you all very much so ya'll better keep in touch with me. I'll be there at every football game, so you'd better smile! Best of luck always!

Love always, Carol

To Lori,
I am really glad
we are good friends,
because you are such a neat +
fun person to know. We've done
a lot of fun things on the tennis
team + in Geometry. Stay sweet +
pretty always.

Well now
for the mushy
part "Summer" well
so much for that so
now we can get to the
silly part "is" well enough
for that. So now what do I say?
Well I'm not going to say stay
so you are and you'll go far. You could
be a success! You really are
one of my most [illegible] best. an
friends and you [illegible] classes and
Juniors are all gonna be majorettes
next year, Seniors will be that! I hope
This year was so neat! I hope you
and I will always stay friends, it
we go off ~~to~~ to college and when we
get married to some rich and
good looking guy and have a zillion
kids, to avoid confusions I'll name
them all Lori, and you name all yours
Jude - no not really, I will always be
friends (if your lucky) no really. I'm lucky.
Well your getting ugle free so instead of taking up
your whole annual. I'll just [illegible] your face

Ostonoko, my dear friends,
This is the end-but just the start.
Remeber me when we do part:
The love, the joys, we once did share.
Take good care of all our dreams
and remember... and remember.

OS-TO-NO-KO is an Indian word meaning "the end." Since this supplement is intended to cover events and activities at the end of the school year, we felt this Indian word would be an appropriate title.

This summer supplement is the first such effort for the annual staff. We apologize for any errors we may have made or any pictures we may have left out.

We trust that the records included in these pages will serve to make your 1976 CHIEF complete.

District 8-AAA Baseball Champs

Once again, Waxahachie started out as a dark horse team, not expected to make it to District playoffs according to various District 8-AAA Coaches.

Not being expected to get past DeSoto for a Zone Championship, the coaches and players combined their efforts to make history by winning a zone championship for the fourth consecutive time, a record never accomplished before at WHS. The Indians also made history by winning the Waxahachie Invitational Baseball Classic for the first time in many years.

Although we fell short of the Bi-District Championship, we are all proud of the Indians and their fine efforts and sportsmanship. As the season drew to a close, the Indians had put a zone, and District Championship under their hats and a reputation of "the team that never said die" in the memory of their opponents.

The Senior trip to Six Flags was fun, invigorating, and tiring! Everyone had a great time riding the Texas Chute-Out, eating Pink-Things, hearing Rusty Weir, and being together as a class.

The Junior-Senior Prom was a terrific success! Due to many technical difficulties, no pictures were usable, but please be assured that everything was beautiful! A fountain surrounded by lush green foliage greeted guests as they arrived. Outside was more entertainment and food.

Miss Jones, Carla Colleps, and Mrs. Sawyer are ready for the big trip to begin.

Sam Botsford and Darlene Redic have different expectations of the trip.

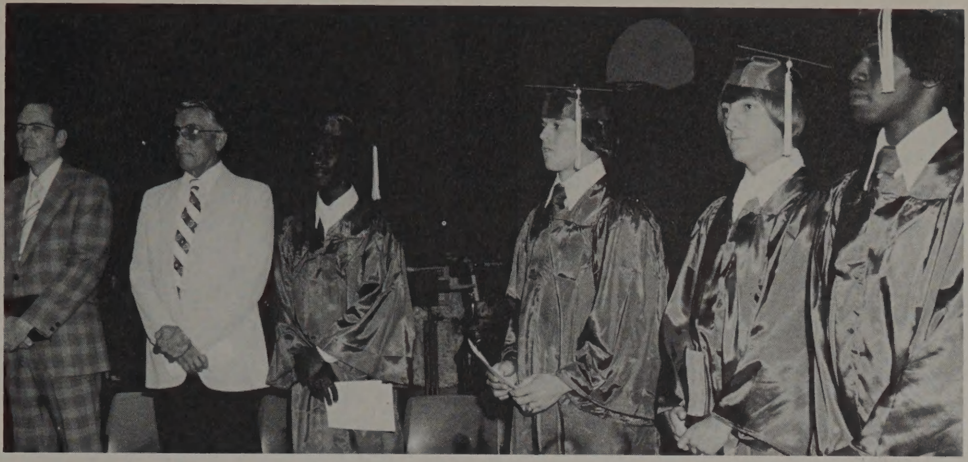
Sharon Settle, Judy Rutledge, and Sam Botsford are still fresh - somehow!

Denise Pendley and Kim Foster are made to feel small in the giant Six Flags chair.

Kathy Phillips takes a last look as we get ready to board the buses.

Ricky Wiser, Joni Carlat, and Leonard Chandler have to have that ONE last Pink-Thing before leaving.

Carla Lowry and Kelly Malone endured the bus trip.



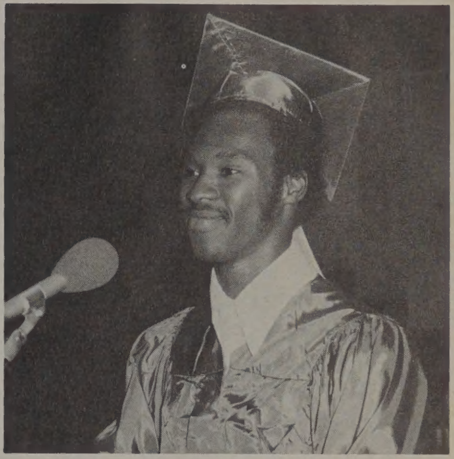
James Richardson, Alan Rogers, Daniel Burgess, Sam Hargers, Mr. Dorsey, and Rev. Hamilton were participants in the vesper service.

Vespers . . .

- . . . The first of two times the caps and gowns will be worn.
- . . . The spiritual challenge to the Seniors of '76.
- . . . The awareness that you are not alone.

Mr. Dorsey helped with the "festivities."

Rev. W. T. Hamilton was the guest speaker for the vesper service.



Sam Hargers, the senior class president, presided over the vesper activities.

got beauty runner-up. You deserved it. I hope
we can become better friends in the following years.
Lets try to get together this summer with everyone. O.K.?
Stay sweet and please don't ever change!
